

Abuse & acceptable use policy

For all our services we apply a few common rules, which are defined in our Acceptable Use Policy. In accordance with our general terms and conditions we act against activities that violate these rules.

Report abuse

In order to properly investigate abuse claims we kindly ask to send in all relevant information. If you have collected the required information, please send it over to abuse@pcextreme.nl.

Definitions

Spam: Unsolicited, undesired, or illegal email messages. **Spoofing:** Impersonate as someone or something. **Fraud:** Deliberate deception to secure unfair or unlawful gain. **Phishing:** An attempt to acquire sensitive information by masquerading as a trustworthy entity in an electronic communication. **DDOS:** A type of DOS attack where multiple compromised systems are used to target a single system causing a Denial of Service (DoS) attack. **E-mail bombing:** A form of net abuse consisting of sending huge volumes of email to an address in an attempt to overflow the mailbox or overwhelm the server. **Flooding:** A form of denial-of-service in which an attacker sends requests to a targets system in an attempt to consume enough server resources to make the system unresponsive to legitimate traffic. **Malicious Software:** Also known as malware, is any software that gives partial to full control of your computer to do whatever the malware creator wants. **Vulnerabilities:** A weakness which allows an attacker to reduce a system's security. **Hacking:** Attempting to gain access to computer or networks systems. **Exploiting:** Using a piece of software, a chunk of data, or a sequence of commands that takes advantage of a bug or vulnerability in order to cause unintended or unanticipated behavior to occur on computer software, hardware, or something electronic (usually computerized).

1. General:

1.1 Material

The CUSTOMER may not send or offer any material (by e-mail, website, upload or otherwise) that infringes any copyright, trademark, patent, trade secret or other proprietary rights of a third party.
